

# Value Based Prescription Drug Program

For the 2011 plan year, members covered under the CBIZ \$1,000 and \$500 deductible plans will have the ability to obtain certain prescription drugs for a reduced copayment. Following are details regarding this program.

## Value Based Prescription Drugs

1

*This program is available to CBIZ employees, spouses and children who are covered under either the \$1,000 or \$500 deductible plans.*

2

*If you or any of your covered dependents take prescription medication to treat or prevent certain conditions, you may be eligible for a reduced copayment on specific medications.*

3

*Three specific medical conditions are covered by this program: asthma, coronary artery disease and diabetes.*

4

*During the 2011 plan year, if you (and/or any of your dependents who are covered under the select CBIZ medical plans) take a prescription medication for treatment or prevention of any medical condition noted above, you will automatically be eligible to receive your Tier 1 or Tier 2 medication for a reduced copayment. Additionally, the prescription drug deductible will not apply for these medications (including Tier 3 medications). The copayments will be as follows:*

	<i>Retail</i>	<i>Mail Order (90-Day Supply)</i>
<i>Tier 1</i>	<i>\$5 (normally \$10)</i>	<i>\$12.50 (normally \$25)</i>
<i>Tier 2</i>	<i>\$15 (normally \$30)</i>	<i>\$37.50 (normally \$75)</i>
<i>Tier 3</i>	<i>\$50 (no discount)</i>	<i>\$125 (no discount)</i>

5

*To find out if a specific medication is covered under this program, please go to the CBIZ ESC website at [www.cbizesc.com](http://www.cbizesc.com). From the right side of the main menu, select "Enrollment Information," then select "Prescription Drug Information" and "Value Based Prescription List."*

6

*Please contact a UHC Health Advisor directly at (800) 241-4675 with any questions on this program.*
