The sale of RSA/RSU shares can result after an RSA/RSU vesting. Your company plan may allow the option to choose from several different tax payment methods at vest: send cash, sell enough, sell all or withhold shares to cover tax obligation. If you choose cash, depending on your past selection of share deposit account method, upon receipt of payment, your shares will be moved into either your equity holdings account at Computershare or your common account at the transfer agent of the company from which you received the RSA/RSU. If you choose share withholding/sell enough, your shares are moved into your equity holdings account at Computershare or your common account at the transfer agent of the company from which you received the RSA/RSU for sale at a later date. If you elect to sell all, you will receive the net payment based on your method of payment choice (check, wire, ACH).
